Furnishing Goods Section

Completely Refurnished

We pride ourselves on the fact that in Dress Accessories there is nothing that Fashion evolves that is not at once found in our Furnishing Goods Section.

Previously we devoted most of our time, attention and money to our garment displays, but, the continuous growth of the Furnishing Goods Section caused us to pay considerable attention to that, and there has been a response highly gratifying. To place this Section on a par with the Garment Section, we have just had it completely re-fitted and refurnished. The very latest ideas in store furniture have been obtained, and from now on our Furnishing Goods Section will be one of the most pleasant shopping places in El Paso.

RECENTLY ARRIVED

Not only a novelty, but one of the practical fancies of the season has just arrived in the shape of an Overwaist. These overwaists are made of chiffon taffeta, of superior quality, and are shown in black and navy blue.

The past few days have been unusually interesting from the standpoint of new arrivals in garments. Some of the most beautiful fashions in dresses ever seen in El Paso have just come in, and will be displayed the balance of the week.

BOY HIT BY AN AUTO AND HAS HIS ARM INJURED

Says Number of Car Was 314, Which Is in Name of Miss Justine B. Newbrough—Accident Happens on Montana.

Edward Veque, a 14-year-old boy employed at the Ryan drug store on San Antonio street, was struck by an automobile Tuesday evening while crossing Montana street and rendered unconscious by being thrown to the pavement. His right arm was badly bruised and the muscles strained so badly that he is unable to use it.

The boy says that the number of the car was 314, the license for which was first issued to the International Automobile company and transferred to Miss Justine B. Newbrough, who lives at 1118 East Rio Grande, on September 27, 1909.

According to the boy's story he reported the case to the police Tuesday night, but was told at the police station that he would have to prove that the auto was going at an excessive rate of speed before anything could be done.

Miss Newbrough, who lives with her mother, Mrs. A. M. Howland, at 1118 East Rio Grande street, says that the boy ran into the rear fender of her car as she was turning off of Montana onto Arizona street. "The boys were on the right hand side of the street," she said, "and were racing down Montana street. I waved to them and called to them that I wished to turn into Arizona street. Instead of my car running into the boy's wheel, his bicycle collided with my car. The bicycle was not damaged and I stopped and asked

REPUBLICANS DENOUNCE THE S. P.

(Continued From Page One.)

as originally presented was adopted with tumultuous cheering.

"The Republicans of California should not hesitate to go before the people and say that we are unqualifiedly proud of President Taft," exclaimed the speaker.

There was a chorus of protests, and several delegates arose to declare the speaker out of order.

The progressive wing of the Republican party took over the organization and proceeded to elect delegates and nominees chosen at the recent primaries and adopted a party platform.

There was no echo of the bitterness of the late campaign. Concessions had been made to the schedules before the convention was called to order, the former dominant faction being granted fair representation on the central committee.

Throughout the proceedings the national leadership of the party, Theodore Roosevelt was recognized in speech and resolution. Every mention of the former president's name was received with applause.

The platform declared the allegiance of the party in this state to the "progressive Republican policies" enunciated by ex-president Roosevelt and reaffirmed and already in part enacted into law under the administration of President Taft.

The tariff plank declares "unswerving adherence to the Republican doctrine of protection without which the American standard of living cannot be maintained," and says:

"We believe that the methods of trade and barter heretofore prevailing in the framing of tariff bills have resulted in unsatisfactory tariff laws. We therefore insist upon the present in demanding the appointment of a permanent tariff commission wholly removed from the possibility of political pressure or improper business influences. Such commission should ascertain the difference between the cost of production, which is mainly the difference of labor cost, and distribution here and abroad. As fast as its recommendations are made congress should revise the schedule at a time. We oppose any future general revision based on insufficient data to determine the amount of protection actually needed."

S. P. Told to "Get Out"

Under the caption of "Railroad political control," the platform says:

"The Republican party of California repudiates the dominating influence heretofore exercised in the councils of the state by the Southern Pacific and allied corporations. We call upon the legislative and executive officials now about to be elected to eliminate that influence from all participation or control in the governmental affairs of the state. We recognize the value of the services of all transportation companies and we make no attack upon the legitimate business of the Southern Pacific or any other corporation. But we deny the right of any corporation to usurp the functions of government or party management and we expect a Republican governor and legislature to take such action as will terminate that control."

"We repudiate also the domination of like interests, insofar as it has been manifested in the national government and in national politics. The conservative policies of Roosevelt and Pinchot are endorsed.

The direct primary of the state is endorsed with certain amendments toward simplification.

A demand is made for the election of United States senators by direct vote and pending the enactment of such a law a state at large advisory vote is recommended instead of the present advisory vote by district.

The resolutions also pledge the party to the income tax amendment and declare in favor of San Francisco for the Panama-Pacific exposition in 1915.

DEMOCRATS FAVOR BIG EXPOSITION

The Californians Denounce Everything Republican And Go in for Bond Issue.

Stockton, Cal., Sept. 7.—The question of pledging the party to the support of the proposed state bond issue for the Panama-Pacific exposition in San Francisco, brought up in the closing hours of the Democratic state convention Tuesday, came close to precipitating the only open clash of the gathering. As it was, Theodore Bell, candidate for governor, straightened things out amicably.

After several members of the San Francisco delegation had endeavored to get through an amendment to the platform, declaring that the constitution of California should be amended to provide for the election of United States senators by direct vote, and permitting the city and county of San Francisco to bond itself in the same amount for the same purpose.

The adoption of Bell's recommendation closed the proceedings.

The Democratic state platform announces the Payne-Aldrich tariff as a gross violation of the promise made by a Republican party in its Chicago platform; declares that the "annihilation of California from Southern Pacific domination over-shadows every other public question," and pledges nominees to the elimination of all public utility corporate influence from public affairs.

The declaration of principles for which the Democratic party of California stands, is contained in 22 short paragraphs, most important being: Retrenchment and reform in public expenditures; elimination of party politics from public institutions; non-partisan judiciary; removal of party clique from the ballot; exclusion of all Asiatic labor; initiative, referendum and recall in state and local government; strict regulations of public service corporations and physical valuation of their properties; conservation of all remaining natural resources.

WATCH THE DATE ON THE YELLOW LABEL

Mail subscribers should watch the date which follows their name on the yellow label pasted on the wrapper or first page of their paper. The date there shows when the subscription expires. When a remittance on subscription is made, this date is changed. If it is not changed soon after remittance, allowing, of course, a reasonable time to reach El Paso, the subscriber should call the attention of this office to the oversight. By doing so when the matter is fresh in the minds of all concerned all further trouble and inconvenience will be avoided.

HOW TO FIND OUT

Fill a bottle or common glass with urine and let it stand twenty-four hours; a sediment or settling usually indicates an unhealthy condition of the kidneys. Too frequent desire to urinate, scanty supply, pain or dull ache in the back, should also convince you that the kidneys or bladder are out of order.

What to Do.

There is comfort in the knowledge so often expressed that Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy, fulfills almost every wish in relieving pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold urine, and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to get up many times during the night to urinate.

The mild, pleasant and extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful results in the most distressing cases. If you need a medicine, you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle of Swamp-Root, the great kidney remedy, and a book that tells all about it, both sent absolutely free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing be sure to mention that you read this generous offer in the El Paso Daily Herald. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

ticket and a factional revolt on the Democratic ticket, represented in nearly every office to be voted for, have alike failed.

Indications so far as the following have been nominated on the Democratic ticket.

For United States senator, Key Pittman; for governor, D. S. Dickerson, incumbent; lieutenant governor, Gilbert C. Ross; attorney general, Cleveland H. Baker; mine inspector, Ed Ryan.

Chas. S. Sprague was nominated for congress over Robert L. Hubbard, according to late reports.

On the Republican side, W. A. Massey defeated T. L. Oddie in a close race for governor.

that the Republicans will have a majority of 100 delegates.

Enough Republicans are pledged to the initiative and referendum, however, it is claimed by some, to secure the adoption of those measures as a part of the new constitution.

REPUBLICANS CARRY DONA ANA COUNTY

Majorities Cut Down in Las Cruces; Other Districts Show Good Majorities.

Las Cruces, N. M., Sept. 7.—With two precincts yet to hear from and two which have been unofficially reported, it seems that the entire Republican ticket has been elected in Dona Ana county as delegates to the constitutional convention. But the ordinary Republican majorities were cut from 600 to less than 200.

Organization is no doubt responsible for the Republican victory. The men elected are good men and can help to frame a good constitution. They are not pledged to the referendum, the recall, the initiative and the direct primary.

In the 18 precincts officially reported the total vote cast for each candidate is as follows: Van Patten, 917; Bonham, 909; Franger, 1915; Reynolds, 981; Parker, 1157; Armijo, 1105; Miller, 1088; Garrison, 1077.

Everything was quiet yesterday and election passed with no trouble of any nature. Both sides sat up until about midnight waiting for the returns but today business has been normally resumed.

DEMOCRATS CARRY THE ELECTION AT CLOVIS

Clovis, N. M., Sept. 7.—In yesterday's election the Democrats won by a sweeping majority of nearly 400, defeating T. J. Mabry of Clovis, a newspaper man, and Col. J. W. Childers, mayor of Texico, defeating H. W. Crawford, mayor of Clovis, and C. E. Foster, postmaster of Hollene, the Republican candidates, and P. J. Dickerson and J. W. Lemon, independent. Returns show Mabry led the ticket by a good majority. The Democrats had a speech fest on the street in the evening, at which the victorious candidates spoke, as did also C. R. Worrall, chairman of the Democratic central committee, and H. D. Terrell. Mr. Foster also spoke. The total vote cast was about 1500.

REPUBLICANS CARRY ANTHONY WITH LARGE MAJORITY

Anthony, N. M., Sept. 7.—Much interest was taken here yesterday in the election of delegates to the constitutional convention. The returns show a Republican majority of 66 for this precinct. Telephone advices from other precincts in southern Dona Ana county show Republican majorities of from 10 to 50.

Anthony detailed vote: Parker, 77; Armijo, 77; Miller, 79; Garrison, 79; Van Patten, 11; Bonham, 12; Franger, 12; Reynolds, 12.

SULZER MAY RUN FOR GOVERNORSHIP

New York, N. Y., Sept. 7.—Congressman William Sulzer's boom for the nomination for governor of New York at the hands of the Democratic party, has been launched by some of its enthusiastic constituents of New York. By many Mr. Sulzer is considered a remarkably strong man. He has been in public life a number of years and was at one time speaker of the assembly of his state. His boom took the form of the adoption of resolutions urging the Democratic state convention, which meets in Rochester September 20, to name him as standard bearer. Gen. Daniel E. Sickles of Gettysburg fame, was one of the prime movers in the launching of the boom.
